Subject: Cash Loan

Luis

After several tallies, \$395,000 is what has been received as follows:

Bundles x number of bills/bundle x denomination \$.

- 29 x 100 x \$100 = \$290,000
- 11 x 100 x \$50 = \$55,000
- 5 x 500 x \$20 = \$50,000

Apparently what has been missing is a bundle of \$50 bills ( each bundle of \$50 contains \$5,000 ).

Greetings,

Mauricio Neme
